3. Learning and development

In partnership with parents, the school will promote the learning and development of children to ensure they learn and develop well, are kept healthy and safe and have the knowledge and skills they need to start school.

Curriculum planning

Provision and practice within the early years will be centred around the requirements of the DfE's 'Early years foundation stage statutory framework'.

The EYFS framework outlines seven areas of learning and development that must shape educational programmes in the early years. These are categorised as 'prime areas' and 'specific areas'.

Prime areas – defined as the areas that are particularly important for building a curiosity and enthusiasm for learning, forming relationships, and thriving:

- Communication and language
- Physical development
- Personal, social, and emotional development

Specific areas – defined as the areas through which the prime areas are strengthened and applied:

- Literacy
- Mathematics
- Understanding the world
- Expressive art and design

The school will plan and provide educational programmes that involve activities and experiences for children as set out under each of the seven areas of learning.

When planning the early years curriculum, practitioners will:

- Consider the individual needs, interests, and development of each child in their care, and use this information to plan a challenging and enjoyable experience for each child in all areas of learning and development.
- Stimulate children's interests, responding to each child's emerging needs and guiding their development through warm, positive interactions coupled with secure routines for play and learning.
- Reflect on the different rates at which children are developing and adjust their practice appropriately.

If a child's progress in any prime area gives cause for concern, practitioners will discuss this with the child's parents and agree how to support the child. Staff will also consider whether a child may have a special educational need or disability which requires specialist support.

For children whose home language is not English, practitioners will:

- Take reasonable steps to provide opportunities for children to develop and use their home language in play and learning, supporting their language development at home.
- Ensure that children have sufficient opportunities to learn and reach a good standard in English language during the EYFS, ensuring they are ready to benefit from the opportunities available to them when they begin Year 1.

When organising and implementing educational programmes, the school will ensure that a broad range of activities and experiences are planned, having regard to the three characteristics of effective teaching and learning in the EYFS:

- Playing and exploring
- Active learning
- Creating and thinking critically

All staff members will have due regard to the learning and development requirements as set out in the school's Early Years Teaching and Learning Policy.

Each child will be assigned a key person who will help to ensure their learning and care is tailored to meet their individual needs.

4. Assessment

Assessment plays an important part in helping the school to recognise children's progress, understand their needs, plan activities, and assess the need for support.

In line with statutory requirements, the school will undertake a summative assessment of each child's development at certain stages. These are:

- Reception Baseline Assessment – a short assessment which is taken within the first six weeks of a child starting Reception.
- The EYFS Profile – a comprehensive assessment completed at the end of the EYFS to provide a well-rounded picture of a child's knowledge, understanding and abilities, attainment against the early learning goals (ELGs), and their readiness for Year 1.

Ongoing formative assessments will be used to assess the day-to-day learning and development of children in the EYFS. Practitioners will interact and observe children to understand their interests and learning needs and will use this information to inform practice and provision for each child.

Parents will be kept up-to-date with their child's progress and development, and the Room Leader will address any learning and development needs in partnership with parents.

The school will ensure that teachers actively engage children, their parents and other adults who have significant interaction with specific children in the assessment processes to provide a well-rounded picture of their development and attainment.

When undertaking assessment activities, all staff members will have due regard to the school's Early Years Assessment Policy, any advice from the LA, and the 'Early Years Foundation Stage Profile Handbook' and the 'Assessment and Reporting Arrangements' (ARA) for that year.

5. Inclusion

All children will be valued as individuals irrespective of their ethnicity, culture, religion, home language, background, ability or gender. The Pupil Equality, Equity, Diversity and Inclusion Policy will ensure that the needs of all children are met, regardless of any protected characteristics they have.

The EYFS curriculum will be planned in order to meet the needs of the individual child and support them at their own pace.

The SEN Information Policy will ensure all children receive the support they need and are given the best learning experience possible. SEND in the EYFS setting will be monitored and managed by the school's SENCO.

6. The learning environment

The school recognises that the physical and emotional environment play an important role in supporting, enabling, and extending pupils' learning and development.

The school will provide a safe and stimulating environment that values active learning, exploration, and play, where children feel free to create, make links and develop critical thinking skills.

Early years practitioners will ensure that learning environments are well-organised and suitable for group, individual and whole class learning, with interactive displays and easily accessible resources utilised to encourage independence.

At all times, children will have access to indoor and outdoor learning environments. Staff will plan provision to ensure that there are a range of learning opportunities available, and that the learning opportunities available in the outdoor environment build on and develop those inside.

Independent learning will be encouraged through planned continuous provision where children can make their own selection from a variety of resourced areas, including:

Open-Ended Play Areas

Construction: a variety of building blocks, Legos, and other construction materials that allow children to create their own structures. This encourages problem-solving and creativity.

Role-Play Area: a dress-up and role-play area with costumes, props, and play kitchen lets children engage in imaginative play and social interaction.

Sensory

Sand and Water Play: These stations help children explore different textures and concepts like volume and cause and effect. Adding measuring cups, funnels, and toys enhances the experience.

Arts and Crafts

Creative table: Stocked with various materials such as paper, crayons, markers, paint, glue, and recycled materials, this allows children to create freely. Displaying their work encourages pride and independence.

Junk modelling: With scissors, glue sticks, fabrics, buttons, and other crafting items, children can make their own creations, promoting decision-making and fine motor skills.

Literacy

Book corner: A reading area with a range of age-appropriate books, including picture books and early readers, fosters a love for reading. Soft seating and props related to stories used to make the area inviting.

Story Props and Puppets: These can be used by children to retell stories, encouraging comprehension and imaginative play.

Mathematics and Problem-Solving Area

Number Games and Puzzles: Providing a variety of counting games, matching games, and puzzles encourages children to explore mathematical concepts independently.

Manipulatives: Items like counting beads, number blocks, and shape sorters help children understand basic math concepts through hands-on activities.

Outdoor Learning Environment

Nature Exploration: a nature area where children can dig, plant, and observe insects and plants encourages exploration and learning about the natural world.

Physical Play Equipment: Climbing frames, and tricycles develop physical skills and confidence.

Small World Play

Miniature Figures and Settings: small figures, animals, vehicles, and buildings enables children to create and explore their own scenarios, enhancing storytelling and social skills.

Science and Exploration station

Magnifying Glasses and Specimens: Display of shells, rocks, leaves, and insects for children to explore and investigate.

Simple Experiments: children's curiosity encouraged with activities like mixing colours, floating and sinking, or growing plants.

General instruction activities/open ended activities

Activities : cards with simple instructions for activities such as sorting objects, matching colours, or building specific shapes. These can guide children to work independently. Puzzles, threading beads, etc that children can choose from and complete on their own.

Staff will support children to navigate and access the learning environment, intervening and interacting where necessary to ensure that all learning opportunities and teaching moments are captured and capitalised upon.

Appropriate and stimulating educational visits and visitors, from both within and outside of the local community, will be arranged to further expand children's learning experiences.

7. Safeguarding and welfare

The DSL is Sheerin Ramjan. The deputy DSL is Fatemah Salihi.

The DSL will be responsible for safeguarding children and liaising with local children's services as appropriate. The deputy DSL will undertake the duties of the DSL in their absence, but overall responsibility for safeguarding will remain with the DSL. The DSL and deputy DSL will undertake child protection training as required.

The school maintains a Safeguarding Training Criteria Annex which outlines the content and standards of the safeguarding training undertaken by all staff. Our safeguarding policy also details how training is delivered and how practitioners are supported to embed this training in their daily practice through supervision, guidance, and ongoing professional development

Staff will receive safeguarding training that enables them to understand the safeguarding policy and procedures, have up-to-date knowledge of safeguarding issues, and recognise signs of potential abuse and neglect.

Where there are concerns about a child's safety or welfare the school will:

- Immediately notify the LA's children's social care team and, in emergencies, the police.
- Have regard to the DfE's statutory guidance 'Working Together to Safeguard Children', the 'Prevent duty for England and Wales' and 'KCSIE'.

Inform Ofsted of any allegations of serious harm or abuse of children by any person living, working, **Attendance Monitoring and Follow-Up**

The school follows up prolonged or unexplained absence in line with strengthened safeguarding requirements. Staff take prompt action to contact parents/carers and escalate concerns where non-attendance may indicate a welfare or safeguarding issue.

Emergency Contact Information

The school holds additional emergency contact details for every child, as required. This includes securing more than one emergency contact wherever possible to support children's safety and to enable effective communication in urgent situations.

Safer Eating and Dietary Safety

We ensure safer eating practices for all children in our care. We follow current statutory guidance, promote a safe eating environment, and take appropriate measures to reduce the risk of choking, food-related allergic reactions, or other hazards during mealtimes.

Oakwood has robust whistleblowing procedures in place so that all staff, pupils and volunteers can raise concerns about poor or unsafe practice in our setting's safeguarding provision. Our whistleblowing procedures explain when and how concerns can be reported, how they will be followed up, and what external reporting pathways are available if concerns cannot be resolved internally. All staff are made aware of these procedures and are supported to raise concerns with confidence

Nutrition Guidance

The school is committed to supporting children's health and wellbeing by promoting healthy, balanced meals and drinks in line with EYFS welfare requirements. We recognise the importance of good nutrition in supporting children's growth, development, and learning, and work in partnership with parents and carers to encourage healthy eating habits.

Healthy, Balanced Meals and Drinks

- Children who access school-provided lunches are offered meals that meet current school food standards and provide a balanced, nutritious diet appropriate for young children.
- Where children bring packed lunches from home, we provide parents and carers with clear guidance on what constitutes a healthy, balanced lunch for EYFS-aged children. Packed lunches are monitored by staff, and where concerns are identified, we communicate sensitively with parents to support positive changes and promote children's wellbeing.

The school will:

- Keep children safe on outings.
- Assess the risks or hazards which may arise and identify the steps to be taken to remove, minimise and manage them. Providers should make a judgement about whether the risk assessment needs to be in writing or not.
- Ensure that adult to child ratios are considered in any risk assessment.
- Ensure that vehicles in which children are being transported, and the driver of those vehicles, are adequately insured.

The Health and Safety Policy outlines the full health and safety policies and procedures.

The school will have a Fire Safety Policy in place.

11. Mobile phones and devices

For the purposes of this policy, the term “**mobile phone**” refers to any electronic device that can be used to take images or record videos, including tablets.

Photography policies and procedures are addressed in full in our EYFS Acceptable use of Cameras and Mobile Phones.

Use of personal mobile phones by staff members

Staff members will not use personal mobile phones or cameras when children are present. Staff may use mobile phones on school premises outside of working hours when no children are present. Staff may use mobile phones in the staffroom during breaks and non-contact time. Mobile phones will be safely stored and in silent mode whilst children are present.

Staff may take mobile phones on trips, but they will only be used in emergencies and should not be used when children are present. Mobile phones will not be used to take images or videos at any time during trips.

Staff who do not adhere to this policy will face disciplinary action. Staff will report any concerns about another staff member's use of mobile phones to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy and the Allegations of Abuse Against Staff Policy.

Staff may use their professional judgement in emergency situations.

Use of mobile phones by parents, visitors and contractors

Posters will be used around the school to indicate that it is a mobile free zone.

Parents, visitors and contractors will not be permitted to take photographs or record videos without prior permission. Parents may take photographs and videos only containing their own child during school events. Parents may take group photographs at school events but only with the informed consent of the parents of the children involved.

The school strongly advises against the publication of any photographs or videos taken at the school or school events on social media. Staff will report all concerns about parents, visitors and contractors to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy.

Use of the school's mobile phones and cameras

Staff will be provided with a school device to ensure that only school devices are used to take photographs and videos. School devices will have passcode protection.

School devices will only be used for work related matters, e.g. recording and documenting a child's learning. School devices will only be used to take photographs in the presence of another staff member and only with the consent of the child's parent.

Staff will not take photographs of bruising or injuries for child protection reasons. Instead, recording concerns forms and body maps will be used to record observations relating to child protection concerns – these can be acquired from the DSL.

School devices will not be taken off school premises without prior written permission from the headteacher. Where staff members have concerns over material on a school device, they will report all concerns to the DSL, following the procedures outlined in the Child Protection and Safeguarding Policy.

12. Information and records

Information will be stored in line with the UK GDPR and the Data Protection Act 2018, and with regard to the school's Data Protection Policy.

The school will:

- Maintain records and obtain and share information, as appropriate, to ensure the safe and efficient management of the setting and ensure the needs of all children are met.
- Enable a regular two-way flow of information with parents and between providers in cases where more than one setting is attended.
- Consider incorporating parents' comments into children's records, if requested.
- Ensure that records are easily accessible and available.
- Ensure that confidential information and records about staff and children are held securely and only accessible and available to those with the right or professional need.
- Be aware of their responsibilities under data protection legislation and, where relevant, the Freedom of Information Act 2000.
- Ensure that staff understand their responsibility to protect and respect the privacy of children and the legal requirements requiring confidentiality of information and records.
- Allow parents access to all records about their child, in accordance with the Data Protection Act 2018.

ISA will be notified if there are any changes to the following:

- The address of the school
- The school's contact details
- The hours during which care is provided
- Any significant event which is likely to affect the suitability of the school or any person who cares for, or is in regular contact with, children to look after children

13. Parental involvement

We firmly believe that the EYFS cannot function without the enduring support of parents.

Parents will be invited parents' evenings; however, the school has an open-door policy and parents are welcome to talk to teachers at the start and end of the school day. The ICT room and the small meeting rooms will be utilised for confidential discussions between staff and parents.

Parents will be asked to sign permission slips for any visits out of school, use of photographs of their child and using the internet at school.

Parents will be asked to complete admission forms, a medical form and to write a brief synopsis about their child to help the school to understand their character and personality.

14. Transition

Transition into nursery

Children new to the setting will be invited to attend a play session at the nursery at the start of their new term. Parents and children are invited to the nursery setting to meet the team and to play half a term in advance.

The Early Years Lead will also contact previous settings to share learning records and obtain information about children, particularly those with SEND.

Practitioners will support both parents and children where possible to help ease the separation anxiety that can often occur.

For the first few weeks, the new cohort of children join the nursery on a staggered timetable. Starting with an induction (play session). The nursery staff will ensure the children's individual transition needs are met and make adaptation by liaising with the EYFS senior leader and parents where necessary.

Areas will be made available for parents to meet and interact with practitioners and their children as they enter the nursery.

For the first 2 – 4 weeks of the first term, the key practitioners will set aside time to spend with children in small groups.

Transition into Reception

Nursery and Reception children will share an outdoor area during break times, and integration between classes will be encouraged.

During the summer term, before entry to Reception:

- Joint activities will be organised for nursery and Reception children.
- Nursery children will spend a session or more if required in the Reception classroom with the Reception teacher and TA.
- Nursery children will be allowed time to explore the main school building supervised by a member of staff.

Prior to the children entering Reception:

- The nursery practitioners will complete assessments on each child based on the early years outcomes and provide these to the Reception staff.
- The nursery practitioners will advise the Reception teacher on favourable groupings for children.
- Parents will be invited to attend a Meet and Greet session with the EYFS Senior Leader and their child's Reception class teacher.

During the first term of reception:

- Children will undertake the Reception Baseline Assessment within the first four weeks of entering Reception. Children will not be required to prepare for the assessment and, in most cases, children should not be aware that they are being assessed. Children with SEND or EAL will be included in the assessment. The baseline assessment will not be used as a formative or diagnostic assessment.
- Children will stay in school until lunchtime; after one week, Reception children will attend for the full school day.
- As far as possible, Reception classes will follow the same routine as nursery for the first half term.

Throughout the year, parents will be encouraged to share any information, concerns or successes with staff.

Transition into KS1

The EYFS profile will provide an outline of each child's progress, assessed against the ELGs and their readiness for Year 1.

For each ELG, teachers will judge whether a child is:

- Meeting the level of development expected at the end of the EYFS – expected.

- Not yet reaching this level – emerging.

During the summer term, prior to entry into Year 1, reception children will:

- Have attended assemblies with the main school, in addition to special assemblies throughout the year.
- Adopt a modified timetable similar to the Year 1 experience.
- Have a session in the Year 1 classroom with their Year 1 teacher and TA.

Prior to the children entering Year 1:

- Reception teachers will complete assessments on each child and provide the reports to the Year 1 teacher.
- Learning journals, phonics assessments, examples of writing, parent consultation records and suggested pupil groupings will be passed on from the Reception teacher to the Year 1 teacher.
- Reception teachers will pass on the EYFS profile for each child, including additional information for children who have had an outcome of 'emerging' for one or more ELGs.

During the first term:

- The Year 1 timetable, in terms of provision, planning and child-led learning, will remain similar to Reception, including free choice opportunities, sand, water and malleable play, and morning and afternoon outdoor play, as far as possible.
- Children will continue to be assessed on the EYFS profile, if appropriate.
- Consideration will be given to the links between the seven areas of learning in the EYFS and the national curriculum subjects.
- The more formal teaching of Year 1 will be introduced gradually.

15. Monitoring and review

This policy will be reviewed annually by the Board of Trustees and the headteacher.

Any changes made to this policy will be communicated to all relevant stakeholders.

All members of staff directly involved with the EYFS will be required to familiarise themselves with all processes and procedures outlined in this policy as part of their induction. The next scheduled review date for this policy is September 2026
